Reply to Office Action dated 10/12/2006

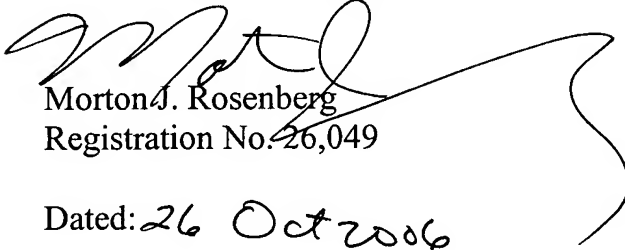

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 12 October 2006. In the Official Action, the Examiner has found two inventions, namely, Group I directed to Claims 1-3 drawn to a biodegradable glass-ceramic; and Group II directed to Claims 4-5 drawn to a method of fabricating. The Examiner has required that Applicant choose one Group for further prosecution in this case.

By this Amendment and Response, Applicant elects Group I directed to Claims 1-3. Claims 4-5 have been canceled.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
